

FARMINGTON AVENUE SEWER SEPARATION PROJECT #6

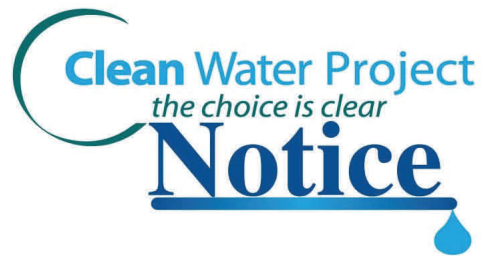

Beginning this fall, the Metropolitan District (MDC) and Tetra Tech, Inc., will be working in your neighborhood to begin the sewer separation project. The purpose of this project is to separate existing combined sewers and establish new laterals and connections to homes.

As these actions may impact your daily activities, keeping **YOU** informed is an essential component to the success of our work.

We encourage you to attend the meeting on Thursday, July 7th as homeowners will have the opportunity to review the MDC's disconnect plan for their property.

Those who can not attend the meeting, but would like to review the disconnect plan for their property, may contact Adam Thompson, MDC Project Manager at (860) 278-7850, ext. 3457 or athompson@themdc.com.

We look forward to seeing you there, to share your comments and ideas, meet with the project managers and learn about the work planned in your neighborhood.

Please Join Us....

Date: Thursday, July 7, 2011

Time: 6:30 PM

Location: United Methodist Church
571 Farmington Avenue, Hartford

MDC Outreach Liaison: Carla Williams at (860) 816-7836

www.themdc.com

MDC is a non-profit municipal corporation supplying water and sewer services to its eight member towns: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield, Windsor, and portions of other towns in the region.
