MDC'S RESERVOIR # 6 IN BLOOMFIELD TO RE-OPEN WITH LIMITED ACCESS

Reservoir #6 to Re-Open Wednesday November 23

For Immediate Release
November 22, 2011

(HARTFORD, CT) – The Metropolitan District's (MDC's) Reservoir #6, located off Route 44/Albany Avenue in Bloomfield will re-open the primary access road around the reservoir to the public, effective Wednesday, November 23. Reservoir # 6 has been closed to the public since October 29 as a result of the damage sustained from Storm Alfred.

The reservoir remained closed while MDC crews cleared the area of debris from downed trees and broken limbs. The MDC requests that the public obey all posted signage and limit their use of Reservoir #6 to only the primary access road around the reservoir.

While the MDC regrets any inconvenience, this action is necessary to allow the MDC crews to complete its clean-up efforts.

For continued updates, visit the MDC website at www.themdc.com.

About the MDC: The MDC is a nonprofit municipal corporation chartered by the Connecticut General Assembly in 1929. The MDC provides water, sewer and household hazardous waste collection services to its member municipalities: Bloomfield, East Hartford, Hartford, Newington, Rocky Hill, West Hartford, Wethersfield and Windsor. In addition, under a series of special agreements, the District supplies treated water to Glastonbury, the southern portion of South Windsor, the eastern portion of Farmington, Portland, East Granby and Unionville.
