

Mid-Franklin Avenue Area Project in Progress!

The Metropolitan District (MDC) has begun construction of the Mid-Franklin Avenue Area Project. The purpose of this project is to reduce combined sewer overflows by installing new storm drain pipes, laterals and water mains. We understand the construction may impact your daily activities so keeping YOU informed is an essential component to the success of our work. Please read below for more information:

What are the details of the project?

- Installation of approximately 2,150 feet of 8-inch to 18-inch storm drain pipe
- Installation of 1,100 feet of 6-inch storm drain laterals
- Installation of 300 feet of 8-inch water main

When will this project be completed?

Estimated completion is October 2009

Who do I contact for more information?

Greg Robertson (Special Service Administrator)
The Metropolitan District
555 Main Street, PO BOX 800
Hartford, CT 06142
Phone: 860-278-7850, ext. 3418
