

## PIPE LINING COMPLETION NOTICE

### Sanitary Sewer Rehabilitation and Sanitary Sewer Lining

The Metropolitan District (MDC) and its contractor VMS Construction and their subcontractor Insituform Technologies, have **completed** sewer rehabilitation work in your area as part of the Clean Water Project. You may now return to normal water use activities.

This work is also known as pipe lining and was completed using a special “NO DIG” method, which helps to reduce the amount of disruptions to our customers.

---

While the rehabilitation portion of the project is now complete, construction activity will continue to occur in your area.

If you have any questions regarding the completion of this work or current construction activity, please contact **Geeno Gordon, MDC Outreach Liaison** at **(860) 751-9894** or call the MDC’s Command Center at (860) 278-7850, ext. 3600.

**As always we appreciate your patience and cooperation.**
